January 2018

Dear Parent/Carer,

We are delighted to welcome your children back for the spring term and their penultimate term at St Nicholas. Thank you for continuing to ensure that pupils arrive in school on time and in the correct uniform. Please could you also check that they are well organised and are bringing the necessary stationery in every day to enable a prompt start to lessons. We also warmly welcome Mr Robert Pugh into the year 7 teaching team.

This will be another busy and exciting term, with the French trip to Normandy fast approaching. A French trip parents' information evening is planned for Thursday 18th January at 6.00pm. Mrs Hooper is working extremely hard to process the necessary documentation and would appreciate it if all forms, EHIC cards, photos etc. could be returned as soon as possible, as well final outstanding balance payments made if required.

A cross-curricular project is in progress this term led by Mr Kehoe, all Y7s are being given the opportunity to design and create a rocket car. Created to enhance skills in ICT, technology, science and character (team-building), pupils are coming up with their own designs before building cars which they will then be able to race against each other. Top cars will then go through to compete against other local schools.

New extra-curricular clubs have also started this week and we would love for as many children to be attending as possible, so that they can broaden their range of interests as well as develop new friendships.

Homework will as usual be set every Friday for English and Mathematics, with the exception of the Friday before a school holiday. If your children need support from a member of staff to help them complete their homework, our homework club runs every lunchtime Monday – Thursdays.

We hope that this information will be useful to you. If you have any questions about the curriculum overview please do not hesitate to contact a member of the Year 7 team.

Yours Sincerely,

Mrs T Bowden
Year 7 Co-ordinator
